---

SUMMARY	Aspiring data analyst with hands on experience in Python, SQL, Power BI, and Tableau, focused on data cleaning, analysis, and dashboard creation. Seeking an entry level data analyst role.
---------	---

---

## EDUCATION

Nov 2021- May 2025	Bachelor of Engineering (B.E), Maturi Venkata Subba Rao Engineering College, Hyderabad
	CGPA: 7.96

---

SKILLS	Python (NumPy, Pandas, Matplotlib, Seaborn) Power BI Tableau SQL (SQL Server, MySQL)	Microsoft Excel Exploratory Data Analysis Basic Statistics
--------	---	--

---

## PROJECT EXPERIENCE

Nov 2025	<b>T20 Cricket Data Analysis (Python, Power BI)</b> <ul style="list-style-type: none"><li>Analyzed international T20 cricket player data using Python and Power BI</li><li>Cleaned and processed raw datasets and defined role-based performance metrics</li><li>Created DAX calculations to evaluate player impact</li><li>Built interactive dashboards to support data-driven Final XI selection</li></ul>
Oct 2025	<b>COVID 19 Data Analysis and Visualization (SQL, Tableau)</b> <ul style="list-style-type: none"><li>Cleaned, joined, and transformed COVID-19 cases, deaths, and vaccination datasets using SQL</li><li>Analyzed infection trends, death rates, and vaccination progress across countries</li><li>Built interactive Tableau dashboards and deployed them using GitHub Pages</li></ul>
Jul 2025	<b>Desktop Weather Application using Python</b> <ul style="list-style-type: none"><li>Developed a desktop weather application using Python, PyQt5, and OpenWeather API</li><li>Implemented API integration, error handling, and real-time weather data retrieval</li><li>Added visual weather indicators using emojis and packaged the app as a Windows executable</li></ul>
Oct 2024	<b>Web Based Virtual Model of a Robotic Manipulator</b> <ul style="list-style-type: none"><li>Developed a web based interface to remotely control a physical robotic arm</li><li>Enabled real time operation of the robot through the web application</li><li>Implemented four distinct movements using four servo motors</li><li>Designed the system to demonstrate remote control, hardware interaction, and real time motion</li></ul>

## INTERNSHIPS & CERTIFICATIONS

May 2023 - Jun 2023	CISCO AICTE Virtual Internship Program 2023, CISCO Networking Academy
Mar 2023 - Apr 2023	Programming Essentials in Python Certification, Telangana Academy for Skill & Knowledge (TASK)
